Subject — Deputation of Mr Srinivasa Rao, Assistant Professor Central College, to England to study Organic Chemistry

These papers relate to the proposal from the Inspector General of Education to depute Mr M G Srinivasa Rao (Assistant Professor of Chemistry in the Central College) to England for training in Organic Chemistry under Professor Thorpe at the Imperial College South Kensington London for a period of two years with a foreign (Damodardas) Scholarship of £ 200/- per annum

The question of affiliation of the Central College in Branch II B (Chemistry) of the B A Honours Course had to be dropped for the present owing to the want of a Professor able to give the specialised theoretical and practical instruction in Organic Chemistry In connection with the said affiliation the Madras University has been already informed by the Inspector General of Education that one of the Assistant Professors here will be deputed to Europe for such study and hence the present proposal has been made by the Inspector General of Education

In the Damodardas Fund Budget for 1914-15 there is provision for the grant of two new foreign scholarships of £ 200/- each

The Financial Secretary has no objection to the proposed deputation and grant of the scholarship referred to for the purpose provided we are bound to accept the University Commissioner's

Commissioner's opinion that the necessary training cannot now be obtained in India On this point the Inspector General of Education states that at the meeting he had with Mr Smith the University Commissioner, the latter would not recognise the training in the Indian Institute of Science as sufficient

I recommend that the Inspector General's proposal may be sanctioned

W (31) I submit herewith a Final* Note by the First Member of Council regarding the deputation of Mr M G Sreenivasa Rao, M A , Assistant Professor of Chemistry in the Central College, Bangalore, to England for a period of two years for undergoing training in Organic Chemistry on a scholarship of £ 200 per annum

Page 8 of the office notes

2 The Second Member of Council has no objection t the proposed deputation He points out that Mr Garalapuri Sastry is also undergoing training in England and raises a question as to how he will be employed on his return He suggests that Mr Shankara Rao Badami, M A may be appointed to act as Assistant Professor of Chemistry during the absence of Mr M G Sreenivasa Rao

3 These suggestions will be taken up for consideration separately Mr Garalapuri Sastry has been sent to England with a view to his qualifying himself in Chemical industries, that is, in the manufacture of soaps and oils

4 The recommendation of the First Member may be sanctioned

47 As regards the outfit allowance Govt disallowed it in the cases of Ramarya, Saralapun Sastri & Narasimmengar, though the Damodar Das scholarship rules as they are at present allow of such a grant. I believe provision has been made in the new Foreign scholarship Rules for similar grants In the circumstances the matter is worth consideration Mr Srinivasa Rao who saw me a few days ago said that if Govt could not grant him the outfit allce he would be obliged to ask for the amount as a loan to be repaid after his return.

SIR

I have the honour to bring to the notice of Government that the question of the affiliation of the Central College Bangalore in Branch IIB (Chemistry) of the B A Degree (Honours Course) had to be dropped for the present owing to the absence of a professor able to give the specialised theoretical and practical instruction needed in Organic Chemistry At the same time it is necessary that one of the Assistant Professors of the College should be sent to Europe to study Organic Chemistry under a Chemist of repute For this purpose I beg to propose that Mr C Srinivasa Rao A Assistant Professor of Chemistry in the Central College may be deputed to Europe to be trained under Professor Thorne at the Imperial College South Kensington London for a period of 2 years He should leave here early in September so that he may commence his

at the beginning of the next session Mr Usher considers Mr G Srinivasa Rao is better suited for the purposes of the Central College than Mr Caralapuri Sastry who is already in England It is also desirable that Mr Usher who is now in England should be authorised to make arrangements with Professor Thorpe before he leaves England in July next

I request therefore that Government may be pleased to sanction a foreign scholarship of £200 per annum to Mr I G Srinivasa Rao for a period of two years together with the usual passage and outfit and authorise Mr Usher to make the necessary arrangements with Professor Thorpe

In this connection I enclose a copy of a D O letter dated 28th March 1914 from Mr Tait the Principal of the Central College

With reference to the proposal to send a gra ate in Chemistry to Europe for training in Organic Chemistry I beg to inform you that Mr Usher has carefully considered our suggestion of r Gariadou i Sastry Mr Usher had ample opportunities of judging of his fitness for the post as he did a course of eight or nine months in the Chemical Laboratory of this College before he joined the Indian Institute Mr Usher considers that Mr M Srinivasa Rao is - - decidedly more suitable for the appointment and he recommends that Mr M Srinivasa Rao should be sent to the Imperial College South ensington London leaving here early in September in order that he may commence or at the beginning of next session

I request that you will be so good as to recommend to Government that Mr M Srinivasa Rao be selected to undergo training in Organic Chemistry under Professor Thorpe at the Imperial College South ensington Mr Usher recommends South Kensington as the training of grad there is exactly what is required for the new post It is desirable that Mr Usher should be authorised to make arrangements with Professor Thorne before he leaves England in July so I ~~xxxxxx~~ trust you will be able to persuade Government to make orders

Sir,

With reference to Government Order No 4546 Edn 370-17-30 dated 2nd Jul 1914 kindly ~~omitted~~ something me a scholarship of £200/- "per mensem", (which I presume is a mistake for "per annum"), for the study of Organic Chemistry in London, I beg to bring to your notice that Government have omitted to sanction me, (1) an outfit allowance and (2) a family allowance required to keep my family going here during my absence

With reference to item (1) - the outfit allowance I beg to inform you that persons like Messrs P S Narasimha Rao, Lakshmi-narasappa and others, who were like myself deputed by Government for study in Europe were given £25/- for their outfit before the started I beg to state that deducting the charges for boarding, lodging and hea fees (which include the cost of various chemicals and especially the costly alcohol and ether - a lot of which is necessary for Organic Chemistry), from my monthly stipend, I will have hardly enough money available for the purchase of clothes from time to time during my stay there If therefore the usual outfit allowance be kindly sanctioned to me also, the clothing etc , purchased therefrom will last me perhaps during the whole of my stay in Europe without pressing on my monthly stipend, as otherwise it must As I am not rich enough to bear the cost of the outfit myself, I request that you will kindly recommend Government to sanction an allowance of £25/-

(10)

With reference to item (2) - the family allowance, I beg to state that my minimum pay as Assistant Professor according to the new grade will be Rs 175/- per month and that owing to a recent calamity in my family a heavy burden has fallen on me in consideration of which I beg that you will kindly recommend me for a family allowance of Rs 100/- per mensem. Out of this after paying for the Government Insurance I will be left about Rs 80/- which is about half of my pay. To make additional provision for my family also I am very anxious to insure my life for a further small sum the premia for which must also be paid out of the Rs 80/-, so that a sum of Rs 100/- per month will barely be enough to maintain my family here after paying the premia.

As the time before me is short for booking my passage and for making necessary arrangements to leave my family under proper charge etc., I beg that you will recommend the above to the Government for an early sanction.

I beg to remain,

Sir,

Your obedient servant,

M. Sreenivasa Rao.

SIR

In continuation of this office letter No 893/49 of the 22nd July 1914 I have the honour to submit herewith for the favourable consideration of Government copy of letter dated 31st July 1914 from Mr H L Usher recommending the grant of the usual outfit and family allowances to Mr G Srinivasa Rao Assistant Professor Central College Bangalore who has been granted a foreign scholarship to be trained under Prof Thorpe

I have the honour to be
Sir
Your most obedient servant

Letter dated 31st August (July) 1914 from Mr F L Usher to the Inspector General of Education in Mysore

---

With reference to C Srinivasa Rao's scholarship to study in London I have since our conversation yesterday made out an approximate estimate of his probable early expenses as follows -

Board and Lodging	£109 (at 2 guineas a week)
Washing	£ 3
Travelling to and fro	£ 6 (at 4 annas a day)
College fees	£ 40
Purchase of apparatus and chemicals	£ 20
Mysore State Insurance premia	£ 12
	£190

In my opinion this is by no means an overestimate The expenses for living might be reduced in the case of a man who was willing to give up a vegetarian diet but one has to pay rather heavily for the latter It is possible that I have underestimated the amount required for purchasing apparatus and chemicals and nothing is allowed for repairs (to boots &c) medicine or emergencies of any kind I think therefore that living in London as a vegetarian and attending this particular College there is not the slightest fear that £200 per annum is a too liberal allowance

With regard to the outfit necessary for the voyage and subsequent residence in England Mr Srinivasa Rao informs me that he saw the last Councillor about it a short time ago and that he intimated that in his (Mr C Rao's)

case

Enc 10 (11) (13)

case a special grant for outfit might be sanctioned by Government if the recommendation came from the Inspector-General of Education

In view of the fact that Mr Srinivasa Rao would otherwise be obliged to borrow money for his outfit at the usual exorbitant rate of interest (and it would not look well for a man with a Government scholarship to be reduced to such an expedient) and that his family being largely dependant on him is in no position to advance any money I think it would simplify matters if you could see your way to make the recommendation Otherwise it is difficult to see how Mr Srinivasa Rao will be able to avail himself of the scholarship The allowance would be required to cover the necessary incidental expenses on the voyage such as gratuities and dock dues in London (which would amount to at least £5) also purchase of trunks and clothing

I very much hope you will be able to arrange this matter and I can give you my assurance that these requests are perfectly fair and the reverse of excessive
